

Board Vitals: Hematology/Oncology

Release date: December 3, 2015

Expiration date: December 3, 2017

Estimated time to complete activity: Up to 27 hours

Overview

Board Vitals provides a high-quality, effective, and a powerful board review tool that is used by practicing physicians, residents, and medical students.

A question bank for Hematology/Oncology provides up-to-date questions,, and explanations with answers. The full-length practice exam is a means to judge one's overall preparedness and a way to compare with their peers to estimate what their score might be on the board examination.

Target Audience

The target audience consists of physicians specializing in Hematology/Oncology and Internal Medicine.

Learning Objectives

Upon completion of this activity, participants should be able to:

- Make a diagnosis
- Order and interpret results
- Assess risk, determine prognosis, and apply principles from epidemiologic studies
- Describe the underlying pathophysiology of disease and basic science knowledge
