

Board Vitals: Radiology

Release date: October 21, 2015

Expiration date: October 21, 2017

Estimated time to complete activity: Up to 60 hours

Overview

Board Vitals provides a high-quality, effective, and a powerful board review tool that is used by practicing physicians, residents and medical students.

A question bank for Radiology provides up-to-date questions, and explanations with answers. The full-length practice exam is a means to judge one's overall preparedness and a way to compare with their peers to estimate what their score might be on the board examination.

Target Audience

The target audience consists of physicians specializing in Radiology.

Learning Objectives

Upon completion of this activity, participants should be able to:

- Interpret image findings to make a diagnosis
- Recognize patient safety issues that arise in the context of medical imaging
- Understand pathophysiology, management, follow-up, and/or treatment of diseases pertinent to radiology
- Apply imaging physics and basic science knowledge to improve image quality

Method of Participation to Earn CME/CE Credit

Learner pays the appropriate fee for participating in and receiving credit for this online educational activity. In order to obtain credit for participating in this activity during the period of October 21, 2015 through October 21, 2017, participants must:

1. Read the educational objectives and disclosure statements
2. Complete the case-studies presented during the session and score 70% or higher. The participant will have the opportunity to correct previously incorrect responses.

3. Review the appropriate modules.
4. Upon completion of entire module, learner may receive 60 credits, or may redeem a portion of the 60 credits by increments of 1 hour at a time.
5. Submit the online evaluation to Board Vitals.

Credit will be issued only upon completion of the exam questions with a score of 70% or higher and activity evaluation. After completing this information, you will be able to print out your credit certificate. This activity should take up to 60 hours to complete.

Hardware/Software Requirements

Board Vitals: Radiology training can be delivered to the latest devices physicians prefer to use, including iPads[®]. Compatible browsers and devices include:

- Microsoft[®] Internet Explorer[®] : 7, 8, 9, 10
- Apple[®] Safari[®]
- Google Chrome[™]
- Mozilla[®] Firefox[®]
- Apple[®] Mobile Devices: iPad[®], iPhone[®]
- Android[™] Mobile Devices

Our training solution is playable on virtually any web enabled device with an Internet browser. We also have a specialized mobile app for devices with smaller screens like iPhones[®], available on iOS[®] and Android[™] devices.

Users must have an Internet connection. A flash plug-in is not required for this training.

Any trademarks, service marks, product names or named features are assumed to be the property of their respective owners, and are used only for reference. There is no implied endorsement by usage of (any / one) of these terms.

Disclaimer

The opinions expressed in the enduring educational activity are those of the faculty. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings. Further, attendees/participants should appraise the information presented critically and are encouraged to consult appropriate resources for any product or device mentioned in this program.

Privacy Policy

At UNMC, we care about providing you with tools and information to manage and protect your online privacy. UNMC retains records solely for keeping records in accordance with ACCME policies. We will not share your information with any other organizations. We will keep you informed of our CME activities.
